

Disciplined Trading Strategies

THE DTS TRADING ROOM

Run by ONE moderator, Paul Lange. Rational analysis of the possible trades and clear disciplined plays that are tradeable by room members the vast majority of the time. It is a boring room with typically 3-5 trades a morning where members can make money following along or using the ideas to follow their own plans and includes swing plays...

"I have to say that being a part of your room is the best decision I made in my trading career. It's good to see other traders chatting with each other and actually know what they're doing..."

-Alexandre D

WATCHLISTS

Daily Watchlists provided to members based on scans of 1100 + daily and hourly charts and the best of the morning gap lists

Week of Feb 5												
IF YOU RISKED 500.00 per play and managed as detailed, This week's gross is about...										\$3,891.95		
Numbers are gross based on the posts, slippage if any and commission are not included										7.8 Risk units		

Listen to a recording of the first 30 minutes of pre-market prep on a typical day in the DTS Trading Room. It has some dead time removed to shorten the length of the recording. **Just click one of the arrows.**

You can request the recording of the whole day if you like (four hours and boring).

Find out about a one week trial to the DTS Trading Room.

One trial per person please!

Just sign up for the room. It is \$147.00 at this time. Pricing is on a tiered basis to keep the room size manageable so will go to 179.00 after the first 50 members...

There is NO hurry. No special offer. There will never be a sale. No pressure, no one will ever get a better deal.

You sign up when you are ready!

IF you sign up for a trial but you want to start on a different date or have a reason you need more time or a second trial email Paul@DisciplinedTradingStrategies.com

The DTS Trading Room is different. It is about traders making money period. Plays are discussed well ahead of time, posted and managed. It is generally tradeable by anyone who wants to trade along or just use the information as a basis for their own trades.
